My Candy Love launches episode 22

The virtual dating game, My Candy Love, has launched a new episode.

Act 3 - Treasure Hunt, the 22nd episode of Beemoov's virtual dating game, *My Candy Love*, is now available. In this episode, the students of Sweet Amoris High and their parents begin the highly anticipated treasure hunt.

Launched in 2011, and with already more than **2.5 million players**, *My Candy Love* is a free virtual flirting game for teenage girls. As a new female student at Sweet Amoris High School, players, or Candygirls, advance through the different episodes to get to know the various virtual characters and try to win the hearts of the boys they prefer.

Inspired by the Japanese "otome-games", this anime styled, interactive narrative game allows users to **live their own love story**.

The player's ability to adapt to their favorite character will determine how their affinity will grow with that character and how their story will play out.

Each player's story is **unique**, as every choice makes a difference. Registration to the game is free and requires no installations.

Previously, the players' Candygirl has put on a school play with her classmates for their school's open house. In episode 22, the day continues with a student-parent treasure hunt. Additionally, the Candygirl must decide whether to team up with her longtime rival to discover one of the boys' secrets. Collect a new outfit, special accessories and a unique illustration by the game creator ChiNoMiko. With new characters and other surprises, players will live quite an **exciting adventure**.
